About US

Aadim Gurukul Kindergarten always welcomes you at its wonderful avenue established under Aadim Education Foundation. It is an IT-based time-tested academic institution founded by innovative minds in Nepal, where every child's journey begins with intense curiosity and desire full of joy and happiness.

Existing at the heart of Nepal, Aadim Gurukul offers a world-class preschool, progressive and child-centred education to children of ages 2.5 years to 5.5 years old in the state of art facilities and infrastructure.

About International Collaboration

Aadim Gurukul School's collaboration with Oxford Advantage aims to strengthen its preschool curriculum by integrating global standards with the school's existing child-centered, play-based approach. Through this partnership, teachers gain access to structured lesson plans, digital resources, and continuous professional training, ensuring more effective and engaging classroom delivery. The curriculum supports holistic child development—covering cognitive, social, emotional, and motor skills—while keeping learning fun, interactive, and inquiry-based. Oxford's multimedia and activity-oriented materials add value by enhancing children's curiosity, creativity, and early academic readiness.

This collaboration also helps build a smooth transition from preschool to primary education, giving children a strong foundation for future learning. The partnership enhances Aadim Gurukul's institutional reputation, making it a standout preschool option in Kathmandu. With careful localization and implementation, the combined strengths of both institutions ensure quality, consistency, and a nurturing learning environment for every child.

Our Philosophy

We believe children learn best through exploration and experience. Our approach blends hands-on learning, play-based activities, cultural grounding, and innovative practices.

We cultivate curiosity, independence, empathy, and lifelong learning habits.

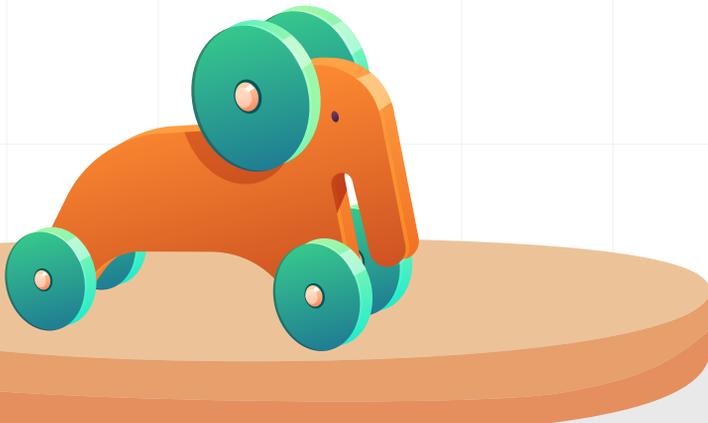

Our Vision

- To nurture each child's natural talents and abilities.
- To blend human values, cultural traditions, and modern technology.
- To prepare globally aware and impactful young citizens.
- To cultivate innovation, leadership, teamwork, and compassion.
- To foster responsibility, cooperation, and social awareness.

Our Mission

We provide a joyful, engaging learning experience where children develop a love for learning through hands-on exploration. Our experienced teachers guide children to solve problems, build relationships, recognize emotions, strengthen motor skills, and develop early literacy and numeracy.

Our Learning Environment

We offer a safe, welcoming, and stimulating environment designed for early learning success:

- ➔ Safe, secure, and homely atmosphere
- ➔ Caring and qualified educators
- ➔ Age-appropriate learning resources
- ➔ Focus on creativity, independence, and curiosity
- ➔ Strong parent-school collaboration
- ➔ Programs designed for holistic growth and emotional well-being

Daily Life, Events & Beyond the Classroom

A Day at Aadim Gurukul

Each morning begins with a warm welcome, followed by stimulating classroom sessions enriched with technology and interactive learning. Children participate in academics, play-based learning, ECAs, and balanced breaks.

Creative Arts & Performing Arts

Students express themselves through art, music, dance & drama.

Sports & Physical Fitness

Students stay active through sports like football, basketball & swimming.

Language Clubs & Cultural Activities

Language clubs and cultural activities expose students to diverse cultures.

✓ *Ages 2.5 to 5.5 years old*

Fostering social, motor, and emotional development through Montessori activities.

✓ *Ages 6 to 8 years old*

Preparing children academically and socially for their first school year.

Unique Language Program (Sanskrit Integration)

Aadim Gurukul stands apart with its meaningful inclusion of Sanskrit education. This ancient language strengthens cultural identity, moral values, clarity of speech, and cognitive development.

Children learn simple Sanskrit words, chants, and expressions that connect them with Nepal's heritage.

Beyond the Classroom

Learning at Aadim Gurukul extends beyond books and walls. Our children grow through real-life experiences, exploration, social interactions, and community engagement. We help them discover their strengths, build character, and develop essential life skills that shape confident, curious, and capable young individuals.

We Ensure:

- ✓ Nutritious meals
- ✓ Social connections & friendship-building
- ✓ Guided homework or enrichment sessions
- ✓ Caring supervision throughout the day
